ABOUT

Smart. Vibrant. Entrepreneurial.

Not just a tagline, Fishers is an evolving community that lives by those three words. The City of Fishers has become synonymous with growth and is consistently ranked as a top city in the USA.

In 2017, Money Magazine ranked Fishers the *1 place to live in America because of our great schools, low cost of living, and entrepreneurial buzz. We couldn't agree more. Fishers is well known as a city with a great quality of life. Our residents enjoy a myriad of amenities at their fingertips, including gathering spaces, trails, and nearby shopping districts.

In addition, the City of Fishers is regularly named one of the safest cities in the United States. These factors, coupled with our competitive cost of living and access to health care, show that it's no wonder why more people move to Fishers every year.
